- Problem-Solving
- Team Collaboration
- Adaptability

INTERESTS

Technology Trends | Coding and Web Development | Business Strategy and Innovation

PROJECTS

Websites

Created a fully functional blogging website using Wordpress, ecom website using react.

Google Takeout Data Analytics Dashboard (Power BI)

Developed an interactive Power BI dashboard by extracting and cleaning user activity data using Google Takeout. Transformed raw logs into structured datasets, identified key KPIs, and generated insights on activity trends and usage patterns to demonstrate data-driven analysis and visualization skills. GitHub Repository : [Link](#)

Website with Chatbot Integration using IBM Watson assistant.
